FIRST CALL

10th REGIONAL CONFERENCE

INDUSTRIAL ENERGY AND ENVIRONMENTAL PROTECTION IN SOUTHEAST EUROPEAN COUNTRIES

IEEP 2026

October 20–23, 2026

Sokobanja, Serbia

Dear colleagues,

We have the honor to invite you to the 10th Regional Conference on Industrial Energy and Environmental Protection (IEEP 2026), organized by the Serbian Society of Thermal Engineers.

Since 2008, the IEEP conference has established itself as the leading regional gathering of experts, researchers, and industry representatives dedicated to improving energy efficiency and environmental protection. Following nine successfully held conferences, the tenth jubilee IEEP represents a unique opportunity for exchanging knowledge, experiences, and the latest achievements in this field.

We invite you to contribute to achieving the conference goals and improving practices in the field of industrial energy and environmental protection in the Southeast European region by actively participating in IEEP 2026.

The conference will provide an opportunity for business meetings among sponsors and exhibitors who will present the latest technologies advancing energy efficiency and environmental protection for industrial enterprises, as well as to establish new partnerships and collaborations.

CONFERENCE TOPICS

The conference covers a wide spectrum of current topics:

- Energy policy, energy supply, legislation and incentive elements
- Use of energy sources, energy efficiency and energy management systems in industry
- Energy efficiency and energy management in construction
- Environmental protection engineering and sustainable development
- Use of alternative fuels and renewable energy sources
- Special thematic sessions (we invite authors to propose special thematic sessions with at least 5 scientific-professional papers per session)

IEEP 2026 provides a unique platform for:

- ✓ Presentation of research results and practical solutions, as well as exchange of experiences in solving problems in the field of energy efficiency and environmental protection.
- ✓ Networking with colleagues from the academic community, scientific research institutions and industry.
- ✓ Familiarization with the latest technologies through exhibitions by conference sponsors and partners.
- ✓ Business meetings with representatives of leading companies and equipment manufacturers.

IMPORTANT DATES

Activity	**Deadline**
Submission of title and abstract	September 12th, 2026
Notification of abstract acceptance	September 15th, 2026
Submission of full paper	October 10th, 2026
Notification of paper acceptance	October 12th, 2026
Conference dates	October 20–23, 2026

TARGET GROUPS

The conference is intended for:

- Researchers and scientists
- Teachers and students of technical faculties
- Engineers from industrial enterprises
- Energy efficiency and energy management specialists
- Designers and consultants
- Representatives of state institutions and local government
- Manufacturers and distributors of equipment and technologies
- Anyone dealing with energy efficiency and environmental protection issues

FORMS OF PARTICIPATION

Participants can contribute to the conference program through:

- oral presentations
- poster presentations
- participation in panel discussions
- passive participation (without paper presentation)

REGISTRATION FEES

- participants presenting papers (oral or poster session) – 15,000 RSD (125 EUR)
- young researchers and doctoral students – 9,000 RSD (75 EUR)
- online participants – 9,000 RSD

ABOUT SOKOBANJA

Sokobanja, a spa town with rich tradition and beautiful nature, provides an ideal setting for a scientific conference. Located in eastern Serbia, it is known for its healing mineral water, clean air, and hospitality. In addition to the professional program, participants will have the opportunity to enjoy the region's natural beauty and cultural-historical landmarks.

ADDITIONAL INFORMATION

Detailed information about paper submission procedures, participation conditions, registration, accommodation, and conference program will be published in the next announcement.
